

AI Center of Excellence Accelerator

Business challenge

Artificial Intelligence (AI) is transforming the way companies do business. Yet many organizations struggle to apply AI solutions to their most compelling business challenges and opportunities.

Our Accelerator solution

The Insight AI Center of Excellence Accelerator helps organizations overcome these challenges and set a path to repeated AI success. Our team of experts analyzes your existing practices across the entire AI lifecycle, identified key opportunities for improvement and lays out a step-by-step roadmap to apply best practices to your teams and programs and accelerate your AI success. We then demonstrate the power of these practices side-by-side with your team as we identify, build, deploy and integrate an high value AI solution into your business ecosystem.

Preparing for transformation

To ensure you receive the greatest value from this Accelerator, our experts will work with your team to:

- Identify key stakeholders to contribute to the Accelerator
